

West Virginia Department of Health and Human Resources  
**Self-Employment Ledger**

Name: \_\_\_\_\_

Period: \_\_\_/\_\_\_/\_\_\_ to \_\_\_/\_\_\_/\_\_\_

Notice: The following form is to record income and expenses for self-employment income and must be supported with receipts. This information is confidential and will be used only to determine your eligibility for child care assistance. However, your case manager may contact sources listed on this form to verify the information.

**Self Employment Overview**

In order to determine your eligibility for child care assistance, you must show that you meet the income eligibility guidelines for assistance. You must provide accurate business records detailing all income received and all business expenses paid. If you have an outside accountant, or other means of tracking your business income and expenses (such as computer programs like Quicken or Microsoft Money) you may supply these records instead of using this form. However, if you do not have other business records, or if other methods of tracking your income do not appropriately show that you meet eligibility requirements, you may be required to complete this form as well. Please be advised that business receipts and/or invoices, or additional verifications may be required as proof of income or expense.

In addition to business records, you must provide a current copy of your State of West Virginia Business Registration and copies of any other licenses/permits to do business as required by state law.
