

Welcome Students!

MountainHeart Child Care Resource and Referral, Region VI
A program of MountainHeart Community Services, Inc.

MountainHeart knows that parents can sometimes struggle with the high cost of childcare!

Financial assistance is available for parents who meet the eligibility guidelines.

Our qualified and experienced Case Managers are eager to assist you with the childcare application process and in determining eligibility for services!

MountainHeart Staff will also discuss with you any needs you may have for additional resources or information!

Even though we are not accepting applications face-to-face, we are still processing applications through a variety of means, such as telephone, fax, email and mail.

Please call your local MountainHeart office to discuss which process will work better for you!

Parents have the option of choosing different provider types such as a Family Child Care Home, Facility or Child Care Center.

MountainHeart staff can provide a list of State approved registered providers and discuss with the parent which provider type best meets their family needs.

Interested in providing quality childcare
before or after class or on weekends?

Become a Family Home Childcare Provider!

Our Provider Support
Specialist will offer
guidance and assistance to
anyone interested in
beginning a career as a
Child Care Provider.

MOUNTAINHEART
Community Services, Inc.
"Together We Can"

Let MountainHeart help make
all your dreams come true!
Wishing you a bright and
prosperous future!

If you have any questions about
the services or resources we
offer, please call your local
MountainHeart Child Care
Resource and Referral office.
We are always glad to help!
