MountainHeart
Community Services, Inc.
"Together We Can"

IMPORTANT TRAINING INFORMATION:

In this 2024 MountainHeart South training calendar, the Professional Development Team is beginning to transition, with your safety in mind, to more face to face trainings.

For the April through June quarter, the training calendar offers face to face trainings at a variety of times and locations. You may register for trainings on your WV STARS account. Please make sure your contact information is correct.

When face-to-face trainings are held, class sizes will be limited and social distancing guidelines per the CDC will be implemented and must be followed by all participants.

This Spring quarter some professional development sessions will be face to face.

Registration information can be found at www.wvstars.org/

April 9th

April 10th

April 23rd

You will receive materials throughout the module series which will help you implement what you learn.

This 3-part module series with Kaylyn Jennings will examine the pyramid model and intervention strategies for family child care programs. Participants will examine the importance of environments along with routines, schedules, transitions, and expectations. The importance of building relationships and strategies for having difficult conversations with families will also be explored.

Knowing How to Help Them Bloom

Core knowledge and competencies: *5 hrs. Child Growth and Development and 5 hrs. Environment and Curriculum*

WVELSF: All Domains

Target Audience: Adults

Tier: Intermediate

Summary: Challenging behaviors in the early childhood classroom can be difficult for everyone including the child who is exhibiting these behaviors. There is an increasing focus on the rate at which our youngest learners are being expelled from the early childhood learning environments. In this 5-part module training we will dig deep to learn how to support providers to become proactive to create classroom environments in which challenging behaviors are less likely to occur. In this professional development session, we will learn how to design spaces, plan routines, and experiences, and interact with children so they are more likely to be successful, thus eliminating their need for challenging behaviors. This training will be 10hrs WVSTARS credit.

Location:

MountainHeart Office

248 Red Oaks Shopping Center, Suite 6

THE GROWING BRAIN

WEST VIRGINIA
Child Care Credential

Dates: April 30th, May 7th, May 14th, May 21st,
May 28th, June 11th, June 18th.

DATES: Time: 5:00pm-8:00pm, 21 WVSTARS Hours

Location: 1411 North Walker Street Princeton,
WV.

OVERVIEW: The crucial development of the growing brain is one of the most important topics in early childhood development. Research on the topic is exploding, underscoring the need for early childhood professionals to stay up to date on brain development and strategies to best support the growing brains of children, birth to 5 years old, in their care.

WV Child Care Credential

The Division of Early Care and Education understands the importance of the work you do, and it wants to help produce the best caregivers and childcare programs possible for West Virginia families. With that in mind, the Division of Early Care and Education has created a voluntary program, the West Virginia Child Care Credential, that recognizes individual childcare providers who go beyond the requirements of State licensing and registration regulations for training, education, and experience.

The four major goals of the Credential Program are to:

- Help develop a professional workforce qualified to provide care for young learners
- Improve your status and compensation
- Recognize your professional learning and ongoing education toward new innovations in child care and early learning
- Give you a structure for growth

Here is the list of trainings for the general credential:

- ⇒ The Growing Brain
- ⇒ Early Learning Standards Framework Overview Or WV Early Learning Standards Framework Overview
- ⇒ Pre-Service Training- Basic Health and Safety in Childcare
- ⇒ Making a Difference: Mandated to Report: Responsibility to Prevent Child Abuse and Neglect (must have been attended after 2018)
- ⇒ WVIT Professional Development Program: Ethics (*onDemand course*)
- ⇒ Medication Administration (must have attended in the last three years)
- ⇒ Understanding ACEs (Adverse Childhood Experiences) ACEs 101
- ⇒ RR Spreading HOPE: Healthy Outcomes from Positive Experiences

If you see this symbol next to a listed training, it indicates that the training meets the requirement for the Child Care Credential. Specific requirements are necessary to receive the credential.

NEWS ALERT/ Credential Specializations

The Division of Early Care and Education is pleased to announce West Virginia Child Care Credential Specialization! Once you have attained your West Virginia Child Care General Credential, providers can continue their journey with a Specialization in the following areas:

Director's Specialization – for child care program directors

Infant Toddler Specialization – for caregivers working with Infants and Toddlers

Preschool Specialization – for caregivers working with Preschoolers

Family Child Care Specialization – for Family Home Child Care providers

Once you achieve your specialization credential status, a bonus of \$250.00 is available through submission of verification to your local Child Care Resource and Referral Program.
